These reports are Government funded, but independently commissioned and reported on by the Disabled Peoples' Organisations Coalition

Government administrative data

HNZC	ACC	MSD	MoH	MoE
Stores information about modifications to Social Housing properties.	Stores data on injury related needs and other factors relevant to recovery, including profiling whether the client will require lifelong support. Clients whose disability may not be the result of an accident or is unrelated to a brain, spinal, amputee or burns injury, are not identified in the data.	Holds information on clients receiving: <ul style="list-style-type: none"> • Job Support for a health condition or disability • Supported Living Payment • Disability Allowance Social Housing includes some information on housing needs.	Has various data bases with information on: <ul style="list-style-type: none"> • providers of Health & Disability Services • delivery of hospital inpatient and day-patient health services, including by disability • Disability Support Services clients • services to non-admitted patients • claims and payment information for pharmaceuticals • Mental health services and outcomes achieved for consumers • deafness notification data (from 2010) 	Holds data on: <ul style="list-style-type: none"> • The Ongoing Resourcing Scheme • Students who receive a specialist education service • Resource Teacher Learning & Behaviour (provides support to students in years 1-10 with learning and/or behavioural difficulties) • Students' NCEA qualifications and school engagement (eg suspensions) • Tertiary students who've self-reported disability at enrolment.

Information/data in **blue** is currently included in the **Integrated Data Infrastructure (IDI)**.

Information in **red** is in Stat NZ's business plan for inclusion.

All national surveys and government administrative data could eventually be added into the IDI.
